About Impel Pharmaceuticals

Impel Pharmaceuticals is a commercial-stage pharmaceutical company developing transformative therapies for people suffering from diseases with high unmet medical needs. Impel offers treatments that pair its proprietary POD[®] technology with well-established therapeutics. In September 2021, Impel received U.S. FDA approval for its first product, Trudhesa[®] nasal spray, which is approved in the U.S. for the acute treatment of migraine with or without aura in adults. In addition to Trudhesa, the Company continues to address patient needs via licensing and partnerships.
